Fluxo Series

MOVE TO CREATE

| Fluxo

Product Introduction

The unique gradual-release flexible spring technology brings a smoother lifting experience to the display. Hover stability and service life are better than ordinary mechanical springs. The quick-release VESA mount and removable cable clip make installation and cable management easier, and the modular dual-screen expansion base easily accommodates a future dual-screen setup.

Quick-release VESA Mount Structure

Two-step quick installation: click and push, ensuring the monitor is securely mounted

Aluminium Alloy Single-Piece Die-Casting

Precision aluminium single-piece die-casting, crafting timeless beauty with seamless durability

Visual Adjustment Window

Real-time monitoring of support force changes, ensuring precise weight matching for the monitor

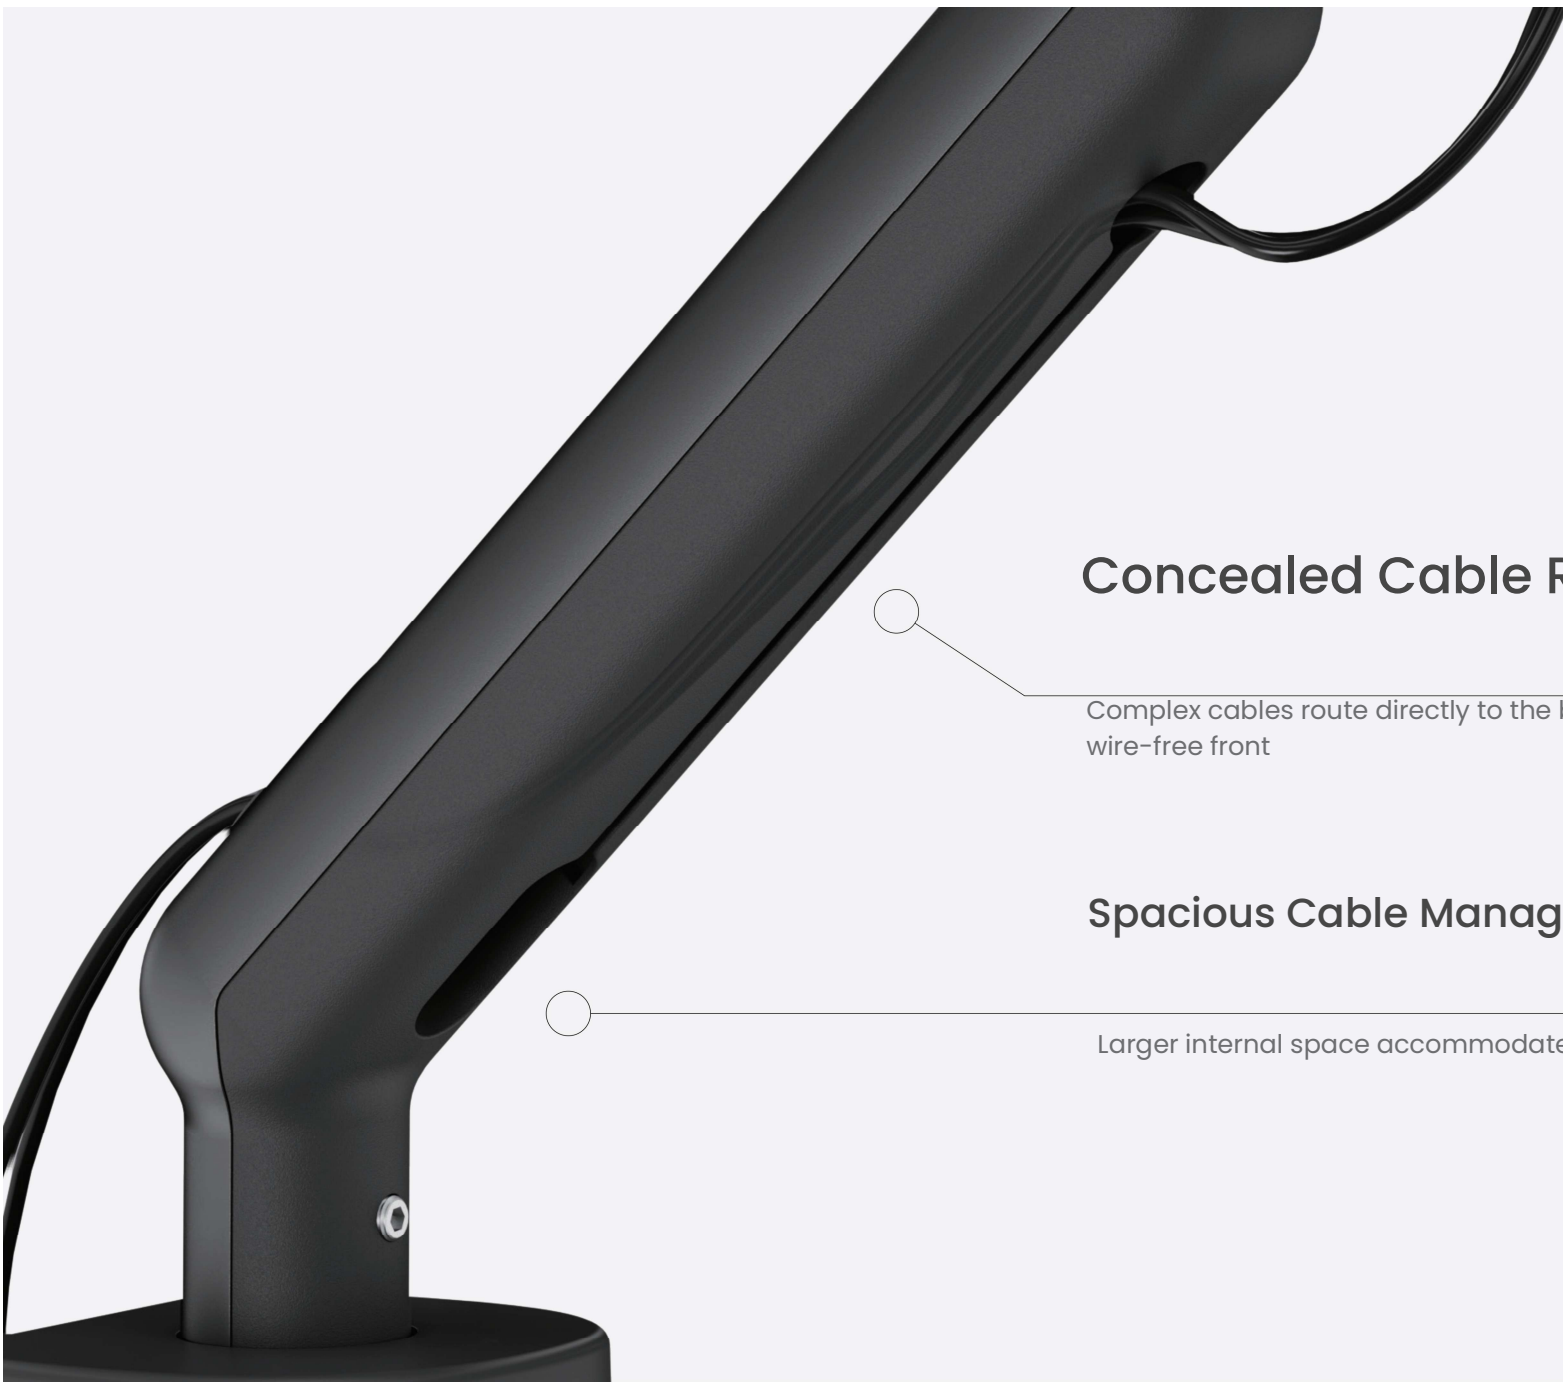

MagCover Magnetic Cover Plate

Thoughtfully designed with a concealed dust-proof hole, ensuring easy removal while maintaining aesthetics and practicality

Detachable Cable Clips

Easily detachable with one hand, convenient for various cable management needs

Concealed Cable Routing

Complex cables route directly to the back of the desk for a clean, wire-free front

Spacious Cable Management Compartment

Larger internal space accommodates both plugs and cables

Multi-Screen Expansion

Modular base design, allowing flexible switching between single and dual arm setups

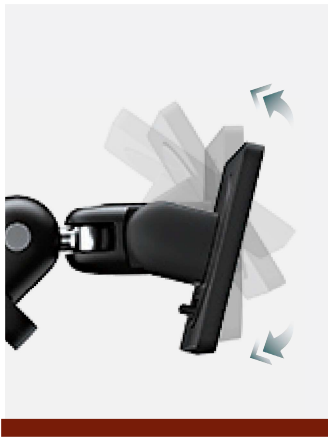

Enhanced Stability

Reinforced one-piece metal bending with double-layer cushioning pads for enhanced stability

Five-Axis Flexibility, Constant and Effortless

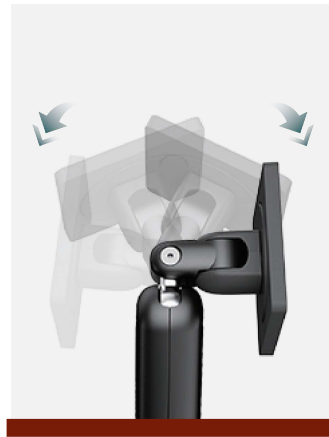

Seamless five-axis adjustment for effortless movement in all directions: up, down, forward, backward, tilt and rotation. Achieve a more comfortable viewing angle to inspire greater creativity.

Screen Tilt
+75° ~ -15°

Screen Rotation
360°

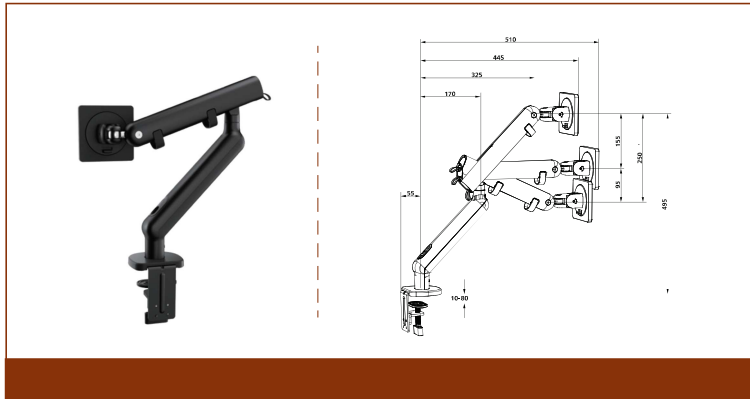

Screen Swivel
±90°

Height Adjustment
250mm

Extension
510mm

Screen Size

17-34"

Weight Capacity

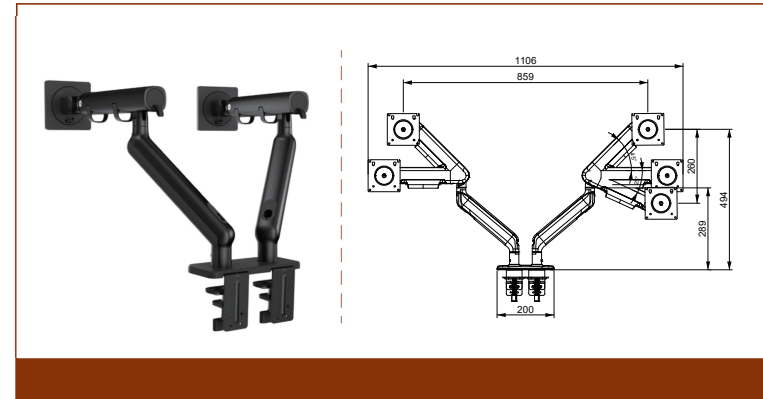

2-9 kg

Main Materials

Aluminium Alloy /
Cold-Rolled Steel / ABS

Available Colours

Black / White / Titanium

Height Adjustment Range

250mm

Extension Distance

510mm

Mounting Method

Clamp 10-80mm
Grommet 10-80mm

VESA Hole Spacing

75 x 75mm
100 x 100mm

Nebula Titanium

Obsidian Black

Pearl White
